

DISCOVERY
Center of Idaho

Fiscal Year 2019
ANNUAL REPORT

A LETTER FROM THE EXECUTIVE DIRECTOR

The Discovery Center experienced another successful year in FY19. With your help we were able to provide over 100,000 visitors with rich, immersive STEM based experiences. We continue to be committed to providing world-class, hands-on feature exhibitions, engaging adult programming and educational experiences that inspire Idaho students in STEM learning and careers. We are truly grateful for all of our partners who help make the Discovery Center a success. Thank you.

Sincerely,

Eric Miller
Executive Director

Mission and Vision

The mission of the Discovery Center is to inspire lifelong interest and learning in science, technology, engineering, and math (STEM). We believe learning is fun and enhances minds and lives. As Idaho's only hands-on science center, the Discovery Center creates a community that is more scientifically literate, curious and empowered to explore.
