**JOB TITLE:** Coding Camp Educator  
**REPORTS TO:** Education Director & Education Manager  

**STATUS:** Part Time Seasonal October- December, 2020  

**ROP:** $15/hr  

**SCHEDULE:**  
10 hrs of training total in mid-late October  
Weekly classes: November 7, 14, 21, 28/ December 5, 12 @ 8:30-2:30pm  
2 hr Wrap up & Evaluation Mtg during week of Dec. 14th  

**GENERAL DESCRIPTION:**  
Discovery Center of Idaho’s (DCI) mission is to inspire lifelong learning and interest in science, technology, engineering and math (STEM). DCI serves its mission by developing, maintaining, and presenting interactive science exhibits as well as providing educational programs designed for multi-generational audiences. Our AT&T All Girls Coding camp provides a unique opportunity for 20, 9th-12th grade girls to learn and grow their coding and computer science skills in a collaborative and welcoming space surrounded by female mentors.  

The Coding Camp Educator assists in fulfilling our mission by collaborating on, executing, and teaching robotics and programming curriculum to 20 9th-12 grade students at the AT&T All Girls Coding Camp.  

**WHY THE CODING CAMP EDUCATOR IS IMPORTANT:**  
The Education Department is the heart of the Discovery Center and our educators are our mission in action. The Coding Camp Educator will work directly with our camp curriculum developer and a team of 3 other educators to ensure that all campers at the AT&T All Girls Coding Camp have a positive, memorable, and fun learning experience. They will set and maintain high standards of program quality and impact and ensure our campers experience the joy of learning and discovery.  

**TYPES OF JOBS YOU MAY HAVE HAD BEFORE:**  
- Computer Science undergraduate student  
- Camp Counselor  
- Classroom computer science teacher  

**DUTIES:**  
- Act as the go-to computer science “expert” for campers and DCI camp staff  
- Teach and adapt interactive, hands-on camp curriculum focused on robotics and computer science  
- Suggest and implement supplemental hands-on computer science and STEM activities to extend the curriculum developed by the Education Department  
- Organize, lead, and manage a classroom of 10 high school students in person & 10 online students  

**YOU ARE:**  
- Have coding experience in C/C++  
- Genuinely interested in science, technology, engineering, and math  
- An educator and learner who embodies the “growth mindset”  
- Skilled at creating fun camp culture  
- Comfortable and confident to act as a role model for future women in STEM  
- Able to quickly learn and instruct CS and robotics-themed camp curricula  
- Flexible and positive amidst an ever-changing, quick-paced work environment  
- Able to remain on your feet for 6+ hours and able to lift and carry heavy objects  
- Excellent in verbal communication and computer skills  
- Able to pass a background check  
- Available for all Coding Camp dates: November 7, 14, 21, 28/ December 5, 12 @ 8:30-2:30pm  

**PREFERRED QUALIFICATIONS**  
- Bachelor’s degree in Computer Science or a related field  

**WHAT WE CAN OFFER YOU:**  
- The ability to take ownership of your position  
- One of the most fun and unique places to work in the Treasure Valley  
- The opportunity to make a difference in high school students’ lives
